

**DON'T LET YOUR CHILDREN  
FALL BEHIND  
THIS  
SUMMER**

# Keep them reading — Keep them learning

Children who read just 15 minutes every day over the summer don't lose ground.

They remember and practice the skills they've already learned!

Did your child join the library's Summer Reading Club? It's free!

You can also download books for free from OverDrive by visiting your library's website.

We'll celebrate all the books our students read this summer when we come back next fall. So be sure to tell the librarian what school you're from and log your hours to be eligible for FREE prizes.

*Reading isn't homework. It's how children learn!*
